## UGANDA MANAGEMENT INSTITUTE

Developing practical and sustainable  
administration, leadership and  
management

## General Information

Uganda Management Institute (UMI) is Uganda's premier centre for management training, consultancy and research. Its mission is "to excel in developing sustainable management capacity".

UMI was set up in 1969 as the Institute of Public Administration (IPA) to provide in-service training to public servants. Its mandate was changed in 1992 to reflect its broader role in development management and it was renamed Uganda Management Institute and given its own statute. The Statute was repealed and replaced by the Universities and Other Tertiary Institutions' Act (UOTIA) of 2001 (amended in 2006) to provide for the Institute's Degree Awarding Status.

**Vision:** "To be a World Class Management Development Institute"
